

CONTENTS VOLUME 57

REVIEW ARTICLES

- A. Bielecki, J.M. Cichocka, I. Jeleń, P. Świątek, Ż. Brud-Adamiak: A checklist of leech species from Poland.11
- J. Błaszowska, A. Wójcik: Parasitic diseases and fungal infections – their increasing importance in medicine . . .205
- H. Długońska, M. Grzybowski: Personalized vaccination? II. The role of natural microbiota in a vaccine-induced immunity71
- E. Kaćki, J. Stempczyńska: Internet in medical activity219
- E. Lonc, D. Kiewra, K. Rydzanicz, N. Król: The risk of arthropod vector configuration in Europe223
- K. Niewiadomska, T. Pojmańska: Multiple strategies of digenean trematodes to complete their life cycles233
- A. Okulewicz: New records of helminth species and their hosts in Poland3
- Z.S. Pawłowski: Terminology and practice in control of some parasitic zoonoses83
- E. Siński, R. Welc-Fałęciak, R. Pogłód: *Babesia* spp. infections transmitted through blood transfusion77
- A. Wójcik, J. Błaszowska: Fifty *Clinical Days of Medical Parasitology*243

ORIGINAL PAPERS

- Ł. Adaszek, M. Górna, M. Krzysiak, M. Adaszek, M. Garbal, S. Winiarczyk: Identification of the piroplasms isolated from horses with clinical piroplasmiasis in Poland21
- T.K. Adday, A.H. Ali: *Ergasilus boleophthalmi* sp. n. (Copepoda: Ergasilidae) parasitic on gobiid fishes from Shatt Al-Basrah Canal, South of Iraq137
- K. Buńkowska, A. Okulewicz, A. Perec-Matysiak, J. Hildebrand: Preliminary coproscopic examination of tortoises in the City Zoological Garden in Wrocław, Poland249
- A.W. Demiaszkiewicz, G. Polańczyk, B. Osińska, A.M. Pyziel, I. Kuligowska, J. Lachowicz: Morphometric characteristics of *Dirofilaria repens* Railliet et Henry, 1911 parasite of dogs in Poland253
- M. Dynowska, K. Góralska, P. Troska, G. Barańska, A. Biedunkiewicz, E. Ejdis, E. Sucharzewska: Results of long-standing mycological analyses of biological materials originating from selected organ ontocenoses – yeast and yeast-like fungi97
- A. Gniadek, A.B. Macura: Air-conditioning vs. presence of pathogenic fungi in hospital operating theatre environment.103
- E. Gołąb, W. Rozej-Bielicka, K. Pancer: Evaluation of the frequency of *Pneumocystis jirovecii* occurrence in a group of children hospitalized for acute respiratory infections93
- K. Góralska: Characteristics of growth of yeasts and yeast-like fungi on chromogenic medium CHROMagar® Candida (GRASO)143
- J. Hildebrand, M. Popiołek, G. Zalesny, A. Piróg: A record of *Pseudamphistomum truncatum* (Rudolphi, 1819) (Digenea, Opisthorchiidae) in the Eurasian otter (*Lutra lutra* L.) from Poland.151
- J.N. Izdebska, S. Fryderyk: Recent data on *Demodex rosus* Bukva, Vitovec et Vlcek, 1985 (Acari, Demodecidae) from oral cavity of yellow-necked field mouse, *Apodemus flavicollis* (Rodentia, Muridae)257
- J.N. Izdebska, L. Rolbiecki, S. Fryderyk: New data on distribution of *Demodex huttereri* Mertens, Lukoschus et Nutting, 1983 and topical specificity and topography of demodectic mites in striped field mouse *Apodemus agrarius*261
- D. Kaczmarczyk, J. Koczyński, J. Kwiecień, M. Michalski, P. Kurnatowski: The human aural myiasis caused by *Lucilla sericata*27
- D. Kaczmarczyk, A. Morawiec-Sztandera, I. Niedźwiecka, P. Kurnatowski: Difficulties associated with the diagnosis of mycosis of the oral cavity and throat in chronic lymphocytic leukemia (CLL).155
- M.M. Kibria, H. Islam, G.S.M. Asmat: *Trichodina johni* sp. n. (Ciliophora: Trichodinidae) from *Johnius coitor* (Hamilton, 1822) in the Shitalakshya River, Bangladesh265
- B. Kiziewicz, E. Zdrojkowska, B. Gajo, A. Godlewska, E. Muszyńska, B. Mazalska: Occurrence of fungi and fungus-like organisms in the Horodnianka River, in the vicinity of Białystok, Poland159
- K. Królaczyk, K.M. Kavetska, E. Kalisińska, M.R. Nowak: *Cloacotaenia megalops* (Nitzsch in Creplin, 1829) (Cestoda, Hymenolepididae) in wild ducks in Western Pomerania, Poland123

P. Krzyściak: Quantitative evaluation of biofilm formation in yeast nitrogen base (YNB) broth and in bovine serum (BS) of <i>Candida albicans</i> strains isolated from mucosal infections	107
B. Lipka, B. Milewska-Bobula, M. Filipek: Monitoring of plasma concentration of pyrimethamine (PYR) in infants with congenital infection with <i>Toxoplasma gondii</i> – own observations	87
M.R. Nowak, K. Królaczyk, K.M. Kavetska, B. Pilarczyk: Morphological features of <i>Cloacotaenia megalops</i> (Nitzsch in Creplin, 1829) (Cestoda, Hymenolepididae) from different hosts	31
K. Plewa, E. Lonc: Seasonal biodiversity of pathogenic fungi in farming air area. Case study.	117
M. Raś-Noryńska, M. Michalczyk, R. Sokół: Coccidia infections in homing pigeons of various age during the racing season	165
I. Rząd, E. Dzika, R. Krupa: <i>Actitis hypoleucos</i> (L., 1758) – new Polish host of the trematodes: <i>Plagiorchis nanus</i> (Rudolphi, 1802) and <i>Leucochloridium perturbatum</i> Pojmańska, 1969	37
I. Rząd, J. Sitko, D. Wysocki, K. Stępniewski: Digenean trematodes from six species of birds (Passeriformes, Piciformes and Strigiformes) from north-western Poland	271
M. Skóra, A.B. Macura: <i>In vitro</i> antifungal susceptibility testing of <i>Scopulariopsis brevicaulis</i> strains using agar diffusion method	111
P. Solarczyk, A.C. Majewska: Prevalence and multilocus genotyping of <i>Giardia</i> from animals at the zoo of Poznan, Poland	169
B. Szwaja, L. Romański, M. Ząbczyk: A case of <i>Dipylidium caninum</i> infection in a child from the southeastern Poland	175
J. Wasilewska, M.G. Kaczmarek, M. Sawicka-Żukowska, B. Tomaszewska, A. Majewska, K. Plewa, E. Ołdak, K. Dębowska: Analysis of clinical symptoms and selected hematological indices in hospitalized children with <i>Ascaris lumbricoides</i> infection from the northeastern region of Poland.	43
M. Żukiewicz, M. Kaczmarek, M. Topczewska, K. Sidor, B.M. Tomaszewska: Epidemiological and clinical picture of parasitic infections in the group of children and adolescents from north-eastern region of Poland	179

SHORT NOTES

A. Buczek, K. Bartosik: Occurrence of <i>Argas reflexus</i> (Fabricius, 1794) (Ixodida, Argasidae) in urban habitat of south-eastern Poland	277
P. Kilar: Ticks attacking domestic dogs on the area of the Rymanów district, Subcarpathian province, Poland	189
J. Kozłowska-Łój: Prevalence of <i>Fasciola hepatica</i> L. infection in cattle in the Lublin province (Poland) in the years 2005–2008	127
J. Kozłowska-Łój: Prevalence of cysticercosis in cattle and pigs in the Lublin province in the years 2005–2008	193
J. Kozłowska-Łój, K. Bartosik, A. Łój-Maczulska: Prevalence of hydatidosis in pigs in the Lublin province (Poland) in the years 2005–2008	281

CHRONICLE

A. Demiaszkiewicz: Prof. dr hab. Jan Drózd – w 80. rocznicę urodzin	195
J. Kwaśniewska: Professor ordinarius Alicja Kurnatowska, M.D., Ph.D. – the 80th birthday anniversary: scientific, didactic and organizational achievements in the field of parasitology and medical mycology	197

Ph.D. THESES

A. Paziewska: Diversity of blood parasites of genus <i>Bartonella</i> in wild rodents in Mazury Lakes District	53
--	----

ON THE SCIENTIFIC LIFE

W. Kocięcka: Spojrzenie z perspektywy czasu na pracę kliniczną i działalność naukowo-badawczą	129
A. Wojtkowiak-Giera: Konferencja naukowa „Parazytozy w aspekcie środowiskowym i molekularnym”	59

REVIEWS

Z.S. Pawłowski: Parazytologia lekarska w podręcznikach polskich. Uzupełnienie	55
---	----

LETTERS

A. Bielecki, J.M. Cichocka	285
