

CONTENTS VOLUME 61

REVIEW ARTICLES

- M. Cholewiński, M. Derda, E. Hadaś: Parasitic diseases in humans transmitted by vectors137
- K. Góralska, J. Błaszczowska: Parasites and fungi as risk factors for human and animal health207
- G. Karbowski, B. Biernat, T. Szewczyk, H. Sytykiewicz: The role of particular tick developmental stages in the circulation of tick-borne pathogens affecting humans in Central Europe. 1.The general pattern.221
- I. Kaszak, M. Planellas, B. Dworecka-Kaszak: Canine leishmaniosis – an emerging disease69
- I. Kaszak, M. Planellas, B. Dworecka-Kaszak: Pine processionary caterpillar, *Thaumetopoea pityocampa* Denis and Schiffermüller, 1775 contact as a health risk for dogs159
- B. Modrzewska, P. Kurnatowski: Adherence of *Candida* sp. to host tissues and cells as one of its pathogenicity features3
- M. Ovcharenko: Microparasites of worldwide mullets229
- Y. Panahi, A. Poursaleh, M. Goldust: The efficacy of topical and oral ivermectin in the treatment of human scabies 11
- T. Pojmańska, K. Niewiadomska: *Renicola lari* – *Nephromonorchia lari*; which species name is correct?77
- Ya.Yu. Syrota, V.O. Kharchenko: Analysis of study comprehensiveness for nematode fauna of hydrophilic birds in Ukrainian Polissya165

ORIGINAL PAPERS

- S.S. Akpan, M. Mbah, E. Achi: The occurrence of *Mansonella perstans* among residents of Calabar metropolis in Cross River State of Nigeria17
- H. Alipour, M. Goldust: The efficacy of oral ivermectin vs. sulfur 10% ointment for the treatment of scabies79
- I. Bielat, M. Legierko, E. Sobiecka: Species richness and diversity of the parasites of two predatory fish species – perch (*Perca fluviatilis* Linnaeus, 1758) and zander (*Sander lucioperca* Linnaeus, 1758) from the Pomeranian Bay ...85
- A.W. Demiaszkiewicz, I. Kuligowska, A.M. Pyziel, J. Lachowicz, R. Kowalczyk: Extension of occurrence area of the American fluke *Fascioloides magna* in south-western Poland93
- M. Dmitryjuk, K. Żalewski, M. Raczkowski, K. Żółtowska: Composition of fatty acids in the *Varroa destructor* mites and their hosts, *Apis mellifera* drone-prepupae21
- A.K. Frolov, R.A. Litvinenko: Basic morphofunctional features of pharmaceutical leech (*Hirudo verbana* Carena, 1820) tissues in various forms of response after hirudotherapy procedures27
- A.K. Frolov, R.A. Litvinenko: Effect of medicinal leeches' antigens on the proliferative response of human blood mononuclear cells and cytokine production in vitro97
- R. Gałęcki, R. Sokół, S. Koziatek: Parasites of wild animals as a potential source of hazard to humans105
- A. Gniadek, G. Cepuch, K. Ochender, D. Salamon: The level of knowledge about parasitic diseases and the threats resulting from their presence in the environment evaluated in a group of parents of preschool children109
- K. Góralska, A. Klimczak, P. Rachubiński, A. Jagłowska, A. Kwapiszewska: Consumption of sweetened beverages as a risk factor of colonization of oral cavity by fungi – eating habits of university students175
- S S. Hasheminasab: Molecular characterization of the first internal transcribed spacer of rDNA of *Parabronema skrjabini* for the first time in sheep241
- S S. Hasheminasab, P. Moradi, H.M. Talvar, I. Wright, M. Darbandi: *Buxtonella* spp. like infection in cattle in Sanandaj province, Iran247
- J.N. Izdebska, L. Rolbiecki: New data on occurrence of *Demodex flagellurus* (Acari, Demodecidae) – rarely recorded parasite from the house mouse *Mus musculus* (Rodentia, Muridae)37
- K.M. Kavetska, D. Polasik, E. Dzierzba, M. Jędrzejczak, E. Kalisińska, I. Rząd: Revision of the species complex *Amidostomum acutum* (Lundahl, 1848) (Nematoda: Amidostomatidae) by use of molecular techniques43
- S. Kornaś, M. Basiaga, J. Kowal, P. Nosal, I. Wierzbowska, E. Kapkowska: Zatorska goose – a subject of parasitological research253
- S. Kornaś, J. Kowal, I. Wierzbowska, M. Basiaga, P. Nosal, P. Niedbała: The Alice – „Follow the White Rabbit” – parasites of farm rabbits based on coproscopy257
- J. Kowal, S. Kornaś, P. Nosal, M. Wajdzik, M. Basiaga, M. Lesiak: Parasite infections in red deer *Cervus elaphus* from Krakow area, southern Poland – actual data49
- V. Monteón, R. Solis-Oviedo, R. Lopez, O. Hernández, C. Alducin-Tellez: Low seroprevalence of *Trypanosoma cruzi*

infection and chronic chagasic cardiomyopathy in a region with abundance of triatomine vectors in Yucatan Peninsula of Mexico	263
S. Piratae, K. Pimpjong, K. Vaisusuk, W. Chatan: Molecular detection of <i>Ehrlichia canis</i> , <i>Hepatozoon canis</i> and <i>Babesia canis vogeli</i> in stray dogs in Mahasarakham province, Thailand	183
M. Raś-Noryńska, R. Sokół: Internal parasites of reptiles	115
B. Sarkari, M. Mansouri, S. Abdolahi Khabisi, G. Mowlavi: Molecular characterization and seroprevalence of <i>Echinococcus granulosus</i> in wild boars (<i>Sus scrofa</i>) in south-western Iran	269
A.I. Shehata, F. Hassanein: Intestinal parasitic infections among mentally handicapped individuals in Alexandria, Egypt. .	275
R. Sokół, M.M. Michalski: Occurrence of <i>Hippobosca equina</i> in Polish primitive horses during the grazing season	119
R. Sokół, M. Raś-Noryńska, M. Michalczyk, A. Raś, A. Rapacz-Leonard, S. Koziątek: Estimation of infection of internal parasites in horses from different type of farms	189
S. Stojanovski, D. Blažekovic-Dimovska, N. Karabolovski, L. Velkova-Jordanoska, J. Rokicki, S. Smiljkov: Helminthofauna of Ohrid gudgeon (<i>Gobio ohridanus</i> Karaman, 1924) from the Lake Ohrid, Macedonia	53
V.M. Venturina, M.A.F. Alejandro, C.P. Baltazar, N.S. Abes, C.N. Mingala: Evidence of <i>Fasciola</i> spp. resistance to albendazole, triclabendazole and bromofenofos in water buffaloes (<i>Bubalus bubalis</i>)	283

CASE REPORTS

H. Alipour, M. Goldust: Apparent contact dermatitis caused by <i>Ancylostoma caninum</i> : a case report	125
K.M. Anandpara, Y. Aswani, P. Hira, P.A. Sathe: Isolated primary orbital hydatid disease presenting as multiple cystic lesions: a rare cause of proptosis	193
R. Garg, U. Nahar, A.K. Mandal: A rare case of primary renal hydatid cyst	129
S. Qadri, R.K. Sherwani, M. Ahmed: Isolated cystic echinococcosis of kidney burlesquing as renal cell carcinoma: a diagnostic pitfall	57
G. Serarslan, M. Aksakal: Cutaneous leishmaniasis mimicking granulomatous cheilitis and treated successfully with oral fluconazole in a boy	197
R. Sharma, A.K. Dey, K. Joshi, H. Thakkar: Ocular cysticercosis with intermittent blindness	295
R. Sharma, A.K. Dey, K. Mittal, P. Kumar, P. Hira: <i>Capillaria hepatica</i> infection: a rare differential for peripheral eosinophilia and an imaging dilemma for abdominal lymphadenopathy	61

SHORT NOTES

M. Zmudzinski, M. Unsoeld, W. Kneec, M. Skoracki: New host records for parasitic mites of the family Syringophilidae from accipitriform birds (Aves: Accipitriformes)	291
---	-----

CHRONICLE

A.W. Demiaszkiewicz: Doctor Jacek Lachowicz DVM, PhD (1951–2015)	201
H. Długońska: The Nobel Prize 2015 in physiology or medicine for highly effective antiparasitic drugs	299
Z. Pawłowski: Nobel Price 2015 for Dr William C. Campbell	303
