

CONTENTS VOLUME 62

REVIEW ARTICLES

J. Błaszkowska, K. Górska: Clinical cases of parasitoses and fungal infections important from medical point of view	255
A.A. Cisek, I. Dąbrowska, K.P. Gregorczyk, Z. Wyżewski: African Swine Fever Virus: a newold enemy of Europe	161
H. Długońska, J. Gatkowska: Exosomes in the context of <i>Toxoplasma gondii</i> – host communication	169
B. Dworecka-Kaszak, I. Dąbrowska, I. Kaszak: The mycobiome – a friendly cross-talk between fungal colonizers and their host	175
G. Karbowiak, B. Biernat: The role of particular tick developmental stages in the circulation of tick-borne pathogens affecting humans in Central Europe. 2. Tick-borne encephalitis virus	3
G. Karbowiak, B. Biernat, J. Stańczak, T. Szewczyk, J. Werszko: The role of particular tick developmental stages in the circulation of tick-borne pathogens in Central Europe. 3. Rickettsiae	89
G. Karbowiak, B. Biernat, J. Stańczak, J. Werszko, P. Wróblewski, T. Szewczyk, H. Sytykiewicz: The role of particular ticks developmental stages in the circulation of tick-borne pathogens in Central Europe. 4. Anaplasmataceae.	267
N.P. Medina, C.N. Mingala: Transporter protein and drug resistance of <i>Trypanosoma</i>	11
B. Skotarczak: The role of ticks in transmission cycle of <i>Toxoplasma gondii</i>	185
H. Tinto, I. Valea, J.B. Ouédraogo, T.R. Guiguemdé: Lessons learnt from 20 years surveillance of malaria drug resistance prior to the policy change in Burkina Faso	17
D. Zaborski, K.M. Kavetska, W. Grzesiak, K. Królaczyk, E. Dzierzba: The use of selected statistical methods and Kohonen networks in the revision and redescription of parasites	285

ORIGINAL PAPERS

D.E.V. Adao, W.L. Rivera: Loop-mediated isothermal amplification (LAMP) assay for the rapid detection of the sexually-transmitted parasite, <i>Trichomonas vaginalis</i>	25
D.E.V. Adao, A.O. Dela Serna, M.L.B. Belleza, N.R. Bolo, W.L. Rivera: Subtype analysis of <i>Blastocystis</i> sp. isolates from asymptomatic individuals in an urban community in the Philippines	193
M. Châari, H. Derbel, L. Neifar: First detailed data on metazoan parasites of the rare species short beaked garfish <i>Belone svetovidovi</i> (Teleostei: Belonidae) from Tunisian coasts, Central Mediterranean Sea	33
B. Dzięgiel, Ł Adaszek, T. Banach, S. Winiarczyk: Specificity of mass spectrometry (MALDI-TOF) in the diagnosis of <i>Babesia canis</i> regarding to other canine vector-borne diseases	101
A.H. El Imam, S.M. Hassan, A.A. Gameel, A.M. El Hussein, K.M. Taha: The pulmonary involvement in <i>Theileria lestoquardi</i> naturally infected sheep	39
A.H. El Imam, S.M. Hassan, A.A. Gameel, A.M. El Hussein, K.M. Taha, M.C. Oosthuizen: Molecular identification of different <i>Theileria</i> and <i>Babesia</i> species infecting sheep in Sudan	47
K.J. Filip, A.M. Pyziel, A.W. Demiaszkiewicz: A massive invasion of <i>Parafasciolopsis fasciolaemorpha</i> in elk (<i>Alces alces</i>) in Lublin Province, Poland	107
J. Gharekhani, B. Esmailnejad, H. Rezai, M. Yakhchali, H. Heidari, M. Azhari: Prevalence of anti- <i>Neospora caninum</i> antibodies in Iranian goats	111
S.S. Hasheminasab, F. Jalouian, B. Meshgi: Molecular and morphological characterization of <i>Parabronema skrjabini</i> of sheep and goats at three different geographical zones in Iran	55
M.A.L. Jiz II, C.N. Mingala, I.F.M. Lopez, M. Chua, F.G. Gabonada Jr., L.P. Acosta, H. Wu, J.D. Kurtis: A field trial of recombinant <i>Schistosoma japonicum</i> paramyosin as a potential vaccine in naturally-infected water buffaloes	295
M. Kamelli, H. Borji, A. Naghibi: Genetic identification of cattle hydatid cyst isolates from northeast and southwest of Iran	301
R. Koiri, B. Roy: The seasonal incidence of parasitic helminth infection among the walking catfish, <i>Clarias batrachus</i> of Tripura, India	307
S. Kornaś, J. Kowal, M. Wajdzik, P. Nosal, M. Wojtaszek, M. Basiaga: <i>Cephenemyia</i> stimulator (Diptera) infection in roe deer (<i>Capreolus capreolus</i>) from Kraków area, southern Poland	115
J. Kowal, S. Kornaś, P. Nosal, M. Basiaga, M. Wajdzik, M. Skalska, A. Wyrobisz: Lungworm (Nematoda: Protostrongylidae) infection in wild and domestic ruminants from Małopolska region of Poland	63
J. Kowal, A. Wyrobisz, P. Nosal, M. Kucharski, U. Kaczor, M. Skalska, P. Sendor: Benzimidazole resistance in the	

ovine <i>Haemonchus contortus</i> from southern Poland – coproscopic and molecular findings	119
N. Król et al.: <i>Dermacentor reticulatus</i> (Fabricius, 1794) and <i>Babesia canis</i> (Piana et Galli-Valerio, area, south-western Poland	125
P. Kurnatowski, A. Wójcik, J. Błaszkowska, K. Górska: The hydrolytic enzymes produced by fungi strains isolated from the sand and soil of recreational areas	201
P. Mallik, P.K. Bandyopadhyay: Observation on <i>Nematocystis kailashi</i> sp.nov. (Apicomplexa: Eugregarinida) from an Indian earthworm <i>Glyphidrilus tuberosus</i> Stephenson (Annelida: Oligochaeta)	315
I. Mohammadpour, F. Bozorg-Ghalati, M.H. Motazedian: Molecular characterization and phylogenetic analysis of Microsporidia and <i>Cryptosporidium</i> spp. in patients with multiple bowel biopsies from Fars Province, Iran	321
V. Monteon, E. Quen-Rámirez, V. Macedo-Reyes, R. Lopez, K. Acosta-Viana, P. Pennigton, A. Ramos-Ligonio: Pre-exposure to faeces or saliva of <i>Triatoma dimidiata</i> decreases parasitemia in mice challenged with <i>Trypanosoma cruzi</i> : a description of the inflammatory reaction at the inoculation site	209
P. Nosal, J. Kowal, S. Kornaś, A. Wyrobisz, J. Skotnicki, M. Basiaga, N.E. Plucińska: Endoparasites of exotic ungulates from the Giraffidae and Camelidae families kept <i>ex situ</i>	67
M. Padzik, B. Starościk, J.P. Szaflak, A. Pietruszuk-Padzik, P. Siczek, L. Chomicz: Assessment of <i>in vitro</i> dynamics of pathogenic <i>Acanthamoeba</i> strains originating from contact lens wearers with infectious keratitis	331
O. Pawełczyk, C. Pająk, K. Solarz: The risk of exposure to parasitic mites and insects occurring on pets in Southern Poland	337
B. Ronghang, B. Roy: Status of tick infections among semi-wild cattle in Arunach Pradesh, India	131
F.G. Sayed, A.I. Hamza, L.A. Galal, D.M. Sayed, M. Gaber: Virulence of geographically different <i>Cryptosporidium parvum</i> isolates in experimental animal model	221
P. Sharma, S. Khurana, A. Sharma, R. Sehgal, N. Malla: Presence of intracellular viruses in human <i>Cryptosporidium</i> isolates	139
P.J. Zawadzki, K. Perkowski, B. Starościk, M. Dybicz, W. Baltaza, K. Pionkowski, L. Chomicz: Evaluation of selected oral cavity microbiota – risk factors of management complications in patients with masticatory system disorders	71
P.J. Zawadzki, B. Starościk, K. Perkowski, W. Baltaza, M. Padzik, K. Pionkowski, L. Chomicz: Comparative assessment of selected intraoral microorganisms – potential factors for peri-surgical management complications	233

SHORT NOTES

K.J. Filip, A.W. Demiaszkiewicz: A new occurrence of <i>Eimeria catubrina</i> (Apicomplexa: Eimeridae) in elk (<i>Alces alces</i>) from the Kampinos Forest	345
N. Osten-Sacken, P. Solarczyk: <i>Trichinella spiralis</i> in road-killed raccoon dogs (<i>Nyctereutes procyonoides</i>) in western Poland	77
M. Skoracki: New data on the species <i>Metacheyletia degenerata</i> Fain and Bochkov (Acariformes: Cheyletidac) .	349
R. Sokół, M. Raś-Noryńska, M. Gesek, D. Murawska, V. Hanzal, P. Janiszewski: The parasites of the mallard duck (<i>Anas platyrhynchos</i>) as an indicator of health status and quality of the environment	351
M. Zmudzinski, M. Unsoeld: New distribution of <i>Picobia caudati</i> Skoracki and Hebda, 2004 (Acariformes: Syringophilidae): an ectoparasite of Long-tailed Tit <i>Aegithalos caudatus</i> (L.) (Passeriformes: Aegithalidae) .	355

CASE REPORTS

M.A. Alshehabat: Sublingual vein infestation with leech <i>Limnatis nilotica</i> in a hunting dog	359
R. Gałecki, R. Sokół, A. Dudek: Tongue worm (Pentastomida) infection in ball pythons (<i>Python regius</i>) – a case report	363
R. Garg, S. Shrivastav, P. Dey: Unusual clinical presentation of spinal echinococcal cyst imitating a malignant tumour .	81
A. Udare, S. Juvekar, S. Medhi, S. Arya: Disseminated cysticercosis: role of whole body Magnetic Resonance Imaging	149
M. Wesołowska, B. Szostakowska, M. Kicia, B. Sak, M. Kvac, B. Knysz: <i>Cryptosporidium meleagridis</i> infection: the first report in Poland of its occurrence in an HIV-positive woman	239

LETTERS

C. Dressler, S. Rosumeck, A. Nast: Reporting in the clinical trials evaluating scabies treatments	153
M. Goldust: Treatment of scabies, comparing the different medications	243

CHRONICLE

W. Kocięcka: Professor Barbara Machnicka-Rowińska DVM PhD (1932–2016)	245
