

CONTENTS VOLUME 65

REVIEW ARTICLES

- P. Krzyżek, G. Gościński: Immunomodulatory influence of HIV and EBV on *Helicobacter pylori* infections – a review 3
- S.O. Movsesyan, M.A. Nikoghosian, R.A. Petrosian, M.V. Voronin, D.N. Kuznetsov: Species diversity of nematodes in domestic and wild ruminants of Armenia113
- V. Monteon: *Trypanosoma cruzi*: The early contact between insect-derived metacyclic trypomastigotes and the mammalian cells193
- J. Morozińska-Gogol: The state of knowledge of the parasitic fauna of the pike *Esox lucius* Linnaeus, 1758 in Poland in the 50th anniversary of the publication of the *Catalogue of Parasitic Fauna of Poland. Part II. Parasites of Cyclostomes and Fish* by Jadwiga Grabda205
- J. Morozińska-Gogol: *Anisakis* spp. as etiological agent of zoonotic disease and allergy in European region – an overview303

ORIGINAL PAPERS

- R.A. Alharbi, T.S. Alwajeeh, A.M. Assabri, S.S.R. Almalki, A. Alruwetei, A.A. Azazy: Intestinal parasitoses and schistosome infections among students with special reference to praziquantel efficacy in patients with schistosomiasis in Hajjah governorate, Yemen217
- M. Alsulami: Prevalence and histopathological study on cystic hydatidosis in heart and spleen of goat slaughtered at Makkah, Saudi Arabia225
- A.B. Ayinmode, V.I. Agbajelola: Molecular identification of *Cryptosporidium parvum* in rabbits (*Oryctolagus cuniculus*) in Nigeria237
- W. Baltaza, M. Padzik, J.P. Szaflik, K. Perkowski, M. Dybicz, L. Chomicz: Evaluation of *in vitro* effects of selected physical and chemical agents on detected in Poland *Acanthamoeba* strains – factors of increasing threats for public health19
- N.R. Bolo, E.J.A. Pagoso, K.W. Widmer, W.L. Rivera: Quantitative microbial risk assessment of *Cryptosporidium* in bivalve samples from Manila Bay, Philippines315
- B. Byczkowska, B. Pilarczyk, A. Tomza-Marciniak: Evaluation of the effectiveness of programs combating the invasions of strongyles (Strongylidae) in horses in selected stables of Western Pomerania121
- G.N. Castillo, J.C. Acosta, M. Rodríguez-Muñoz, T. Martínez, C. González-Rivas, S. Nava: New association between *Amblyomma parvitarsum* (Acari: Ixodidae) and the endemic lizard *Liolaemus eleodori* (Iguania: Liolaemidae) in Argentina27
- C.R.F. Chagas, I.H.L. Gonzalez, P.A.B. Salgado, B. Rodrigues, P.L. Ramos: *Giardia* spp., ten years of parasitological data in the biggest zoo of Latin America35
- V.E. Chukwu, O.O. Daniels, J.C. Olorunfemi, M.N. Opara: *Cryptosporidium* oocysts: prevalence in dogs in Abuja, Federal Capital Territory, Nigeria321
- K. Cierocka, J.N. Izdebska, L. Rolbiecki: *Demodex foveolator* (Acariformes: Demodecidae) from *Crocidura suaveolens* (Soricomorpha: Soricidae) – the second observation worldwide, and a checklist of the demodecid mites of soricomorphs329
- A. Dehghani-Samani, S. Madreseh-Ghahfarokhi, A. Dehghani-Samani, Y. Pirali: *In vitro* anti-giardial activity and GC-MS analysis of *Eucalyptus globulus* and *Zingiber officinalis* essential oils against *Giardia lamblia* cysts in simulated condition to human's body129
- Z. Fakhrieh-Kashan, F. Zahabiun, M. Sharifdini, R. Fotouhi-Ardakani, E. Beigom Kia: Critical diagnosis of complicated strongyloidosis with nested-PCR and High Resolution Melting analysis (HRM)333
- F. Hamaidi-Chergui, M.B. Errahmani, C. Ouahchia: Occurrence and removal of protozoan cysts and helminth eggs in the Médéa sewage treatment plant (south-east of Algiers)139
- M. Juszczak, N. Sadowska, J. Udała: Parasites of the digestive tract of sheep and goats from organic farms in Western Pomerania, Poland245
- K. Królaczyk, K.M. Kavetska: Taxonomic structure of cestodofauna of two species of diving ducks *Aythya fuligula* and *A. marila* (Anseriformes: Aythyini) in north-western Poland341
- K. Królaczyk, K.M. Kavetska, V.V. Korniyushin: Morphological and ecological characteristic of *Dicranotaenia stenosacculata* Macko, 1988 (Cestoda, Hymenolepididae) recorded in Poland251
- P. Łyp, S. Winiarczyk, J. Rogalski, Ł. Adaszek: Analysis of the amino acid sequences of 18S RNA strains of *Babesia*

canis isolated from dogs, including the analysis of serum proteome of protozoa infected dogs	145
K. Mazhab-Jafari, M. Zibaei, S. Maraghi, R. Rouhandeh, M. Helichi, M. Ghafeli-Nejad, S. Zangeneh, M. Farhadianezhad: Prevalence of <i>Toxocara</i> eggs in the soil of public parks of Khorramshahr city, southwest Iran	351
S. Mehmood, N. Nashiruddullah, J.A. Ahmed, S. Borkataki: Parasitic affections of domesticated pigeons (<i>Columba livia</i>) in Jammu, India	53
M. Michalczyk, R. Sokół, R. Gałęcki: Internal parasites infecting dogs in rural areas	151
F. Mirshekar, M. Yakhehali, F. Shariati-Sharifi: Molecular evidence of <i>Trypanosoma evansi</i> infection in Iranian dromedary camel herds	159
J. Moroz, A.J. Kurnatowska, P. Kurnatowski: The <i>in vitro</i> activity of selected mouthrinses on the reference strains of <i>Trichomonas tenax</i> and <i>Entamoeba gingivalis</i>	257
P. Nosal, J. Kowal, A. Węglarz, A. Wyrobisz-Papiewska: The occurrence and diversity of flies (Diptera) related to ruminant farming in southern Poland	357
M. Alizadeh Noudeh, J. Pazooki: The first record of <i>Ascocotyle (Phagicola) longa</i> (Digenea: Heterophyidae) metacercariae as the fish-borne zoonotic trematode in <i>Chelon auratus</i> and <i>Chelon saliens</i> (Pisces: Mugilidae) around the cage culture in the Caspian Sea, Iran	365
S.D. Ola-Fadunsin, A.A. Nuhu, J.P. Fabiyi, I.M. Sanda, K. Hussain, M. Rabiu, I.A. Ganiyu: Prevalence and associated risk factors of <i>Eimeria</i> species in rabbits (<i>Oryctolagus cuniculus</i>) in Ilorin, Kwara State, Nigeria	267
M.S.B. Oliveira, E.A. Adriano, M. Tavares-Dias, L.L. Corrêa: Monogenoidea parasites of <i>Cichla monoculus</i> and <i>Cichla pinima</i> (Osteichthyes: Cichlidae), sympatric fish in lower Tapajós River, Northern Brazil	371
C.N. Mingala, A.C.P. Pasag, M.B.S. Salinas, M.M. Balbin, M.A. Villanueva: Characterization of drug resistance-associated <i>TevAT1</i> gene of <i>Trypanosoma evansi</i> from Philippine water buffaloes (<i>Bubalus bubalis</i>)	381
B. Pilarczyk, A. Tomza-Marciniak, P. Sablik, R. Pilarczyk: Parasites of the digestive tract in cows managed in alternative (organic and biodynamic) as well as conventional farms in West Pomerania	387
N. Sadowska, A. Tomza-Marciniak, M. Juszczak: Soil contamination with geohelminths in children's play areas in Szczecin, Poland	65
M. Salehi, H. Niazkar, A. Nasirzadeh: Isolation and genotyping of <i>Acanthamoeba</i> strains from water sources of Kermanshah, Iran	397
S. Sayono, F.A. Safira, R. Anwar: In-vitro study on the larvicidal activity of <i>Manihot glaziovii</i> peel extract against <i>Aedes aegypti</i> larvae	403
K. Sepielak, J. Kowal, P. Nosal: <i>Heterakis isolonche</i> Linstow, 1906 – a new nematode species found in ornamental pheasants in Poland	167
Y. Sulieman, R.E. El-Tayeb, N. Srimek, T. Pengsakul: Helminth parasites of the white-spotted wall gecko, <i>Tarentola annularis</i> (Squamata: Gekkonidae), from Shendi area, Sudan	71
Y. Sulieman, R.E. El-Tayeb, N. Srimek, T. Pengsakul: Ectoparasites of the Nile Rat, <i>Arvicanthis niloticus</i> , from Shendi area, Sudan	411
Y. Sulieman, R.E. El-Tayeb, N. Srimek, S. Huang, T. Pengsakul: Helminth parasites of the Nile Rat, <i>Arvicanthis niloticus</i> , from Shendi area, Sudan	275
M. Wesołowska, B. Szetela, M. Kicia, Ž. Kopacz, B. Sak, W. Rymer, M. Kváč, R. Sařamatın: Dual infection of urinary tract with <i>Enterocytozoon bienewisi</i> and <i>Encephalitozoon cuniculi</i> in HIV/AIDS patients	77
A. Wyrobisz-Papiewska, J. Kowal, E. Łopieńska-Biernat, S. Kornaś, M. Basiaga, P. Nosal, S. Rubaj, W. Pałasz: <i>Tarantobelus arachnicida</i> (Nematoda: Rhabditida) invasion of exotic spiders in Poland	83
P. Yuda: Detection of avian malaria in wild birds at Trisik Beach of Yogyakarta, Java (Indonesia)	171
P. Zięba, A. Nowakiewicz, A. Michalski, B. Wlizio-Skowronek, J. Gawel, M. Niemcewicz, S. Gnat, D. Łagowski: A new locality of the <i>Haemaphysalis concinna</i> tick (Koch, 1844) in Poland and its role as a potential vector of infectious diseases	281
P. Zimik, S. Sharma, B. Roy: Characterization of <i>Clinostomum</i> metacercariae using microscopic and molecular approaches	87

SHORT NOTES

L.G. Ailán-Choke, R. Sánchez, F. Cremonte, G. Ramallo, D. Davies: Histopathological study of <i>Corydoras micracanthus</i> (Siluriformes: Callichthyidae) parasitized by the nematode <i>Procamallanus (Spirocamallanus) pintoii</i> (Camallanidae) from Lesser River, northwestern Argentina, South America	287
L.L. Corrêa, P.S. Ceccarelli, M. Tavares-Dias: An outbreak of <i>Ichthyophthirius multifiliis</i> (Ciliophora: Ichthyophthiriidae) in wild endemic fish fauna <i>Steindachneridium parahybae</i> (Siluriformes: Pimelodidae) in Brazil	417

- B.R. Mohammed, A.A. Ojo, M.N. Opara, O.C. Jegede, R.I.S. Agbede: Haemo- and endoparasites of indigenous chickens reared in Gwagwalada Area Council, Abuja, Nigeria293
- A. Rocka: Cestodes of the genus *Tetrabothrius* (Tetrabothriidea: Tetrabothriidae) from Antarctic flying seabirds . .423
- M. Sviben, T. Meštrović, L. Čičmak Smirnjak: The value of systematic screening for *Trichinella* antibodies among individuals with eosinophilia in recognizing outbreak events: a seroprevalence study from Croatia177

CASE REPORTS

- A. Ortega-Pacheco, E. Gutierrez-Blanco, W. Escamilla-Flores, L. Cordero-Guillermo, M. Jiménez-Coello, N. Loria-Cervera: A fatal case of canine cutaneous leishmaniosis in a dog183
- Ł. Pielok, K. Frąckowiak, M. Kłudkowska: Disseminated skin rash and blood eosinophilia in a Polish traveler diagnosed *Strongyloides stercoralis*, *Trichuris trichura*, *Schistosoma* sp. and *Blastocystis* sp. coinfection99
- Ł. Pielok, M. Kłudkowska, S. Rzymiski, J. Stefaniak: Cerebral malaria and multi-organ dysfunction in an adult woman with *Plasmodium falciparum* infection imported from Cameroon: a case report427
- G. Purohit, S. Mohanty, R. Tirkey, P.K. Sasmal: Inadvertent detection of massive *Enterobius vermicularis* infection in an asymptomatic adult with rectal blowout following barotrauma103
